In para 3 of G O No 14668-77 E&F 4-96 & the 7th April 1904, the establishment of an Industrial School at Chitaldrug (among the places) was sanctioned the following cost —

Rs 1000 – for initial expenses

and the total amount Viz Rs 2,3 was provided in the Budget Estimates of Industrial and other Special Schools in Mysore for the current official year

The Govt now proposes to start the School at the following Scale of Establishment and Scholarships The Scale sanctioned for the

Industrial School at Channapatna is also given for Reference

In the case of the Channapatna Industrial School, the 1st Councellor was of opinion that the full amount of Rs 1500 should not be utilized at once but some reserve should be left for giving Scholarships to new Comers But as the Govt stated that the Scale could not be reduced, it was sanctioned

It is stated that the Carpentry Instructor proposed to be appointed is a well qualified man and his services are cheap for Rs 30

3 The I Gt also requests that the whole of the initial expenses Viz Rs 1,000 may be sanctioned, out of which Rs 151-2-0 will be utilized for purchasing the Stock of tools available at the Private Industrial School at the place and the remainder for purchasing new materials and for erecting the necessary Sheds

Why is provision not made for honorarium to the existing Puraka Mondhal Shri Lakshmi in a Sroti Bandony? Or does "Contingencies" include honorarium?

Refer also to put up a copy reading the D.O. letter in full, & declining the Mysore proposals for reasons.

are not quite similar & there can therefore be no comparison between the cost of these establishments.

The school is now located in a portion of the Chamraj Memorial Hall. Additional accommodation will probably have to be secured. The rent being paid and the grant for contingencies - Rs 100 is too much for contingencies which is too little for establishment. I have reduced the former to Rs 15 & raised the latter to Rs 27. Under the other items only which seem necessary no reduction seems feasible.

Order thereon No G5703-4-9 19-5-04-

1) The formation of an Industrial School at Chitaldrug as proposed in the above is sanctioned

2 The scale of establishment and Scholarships proposed by the Inspector General at a cost of Rs 125 per mensem is also sanctioned with effect from date of opening, the charge being met from the provision of Rs 1500 included for the purpose in the Budget Estimates of Industrial and other Special Schools in Mysore for the current year It is presumed that the item "Contingencies, Rs 20" includes

provision for house rent for the School building in case new or additional accommodation has to be secured. Even then the amount seems some what high and is accordingly reduced to Rs 15, the balance of Rs 5 being added on to the small provision of Rs 22 proposed for the grant of scholarships

3 The grant of Rs 1000 provided on account of initial expenses will likewise be placed at the disposal of the Inspector General for the purchase of tools and materials and for erecting the necessary sheds, as proposed
